

Combi-Lock Instructions

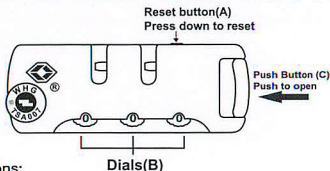

To set your personal combinations, please follow these instructions:

1. Set the number wheels to '0-0-0'
2. Pull the sliding button out until it is fully extended
3. Keeping the button fully extended, set the number wheels to your desired combination (keep a note!)
4. When you have set the combination release the button back to its original position.
5. The combination is now set.

**Thank you for choosing Skyflite.
We look forward to traveling with you!**

skyflite TSA lock

TRAVEL SENTRY

Instructions:

The original combination is 0-0-0. To set your own combination, please follow these steps:

- 1) With the lock in the 0-0-0 position..
- 2) Press down the reset button [A] with a pen or other tool until you hear a "click" sound.
- 3) Set your own combination by turning the dials [B]. For example, 8-8-8.
- 4) Push the button [C] in the direction of the arrow until you hear the "click" sound again, confirming that you have set your personal combination..

To set another combination please repeat the steps above.

Please remember your combination – if you forget it, there is no way to open your lock.

Warning: If the cylinder is opened, please lock it again by turning it in the direction of the arrow to the red dot position (use any tool that fits in the cylinder)
